- R
- SQL
- Tableau
- C
- C++
- Rust
- Ruby
- RoR

## EXPERIENCE

---

### Project Manager

#### Dream Job

- Led a Tableau project for First Guaranty Bank, transforming raw deposit data into dynamic visualizations and expanding analyses with additional financial metrics.
- Organized a team of six Analytics Graduate students to analyze deposit data, design visualizations, document findings, and present insights to senior bank executives.
- Implemented Scrum and GitHub for version control, ensuring efficient project management and seamless collaboration.
